

# The Sky's the Limit

News letter for EAA Chapter 651 Volume 21 Issue 7

## From the Prez

### Meeting Notice:

**Meeting July  
13th at South  
TEE's 7:00 pm**

**Meeting Aug.  
10th at Hangar 4  
(GRB)**

**Ice Cream Social  
7:00 pm**

"Call-air" - a new name at Nicolet Airport!! A friend of Jim Sorenson at Falcon Field in Mesa Az. had this aircraft for sale and Pepe just had to have it!! Pepe and Chet McDondald drove out to Falcon Field and brought this bird home. I find this quite interesting since during my trips to the Antique Airplane Association's annual fly-in at Blakesburge Iowa, I had the chance to see another Call-air there which had been donated to the museum. I'll try to research this airplane for later. Maybe for our September meeting we can get to see it fly. I will be in Knoxville, Tennessee for the Short Wing Piper Convention returning on July 4th. This should be a fun convention! Thanks to all who took the time to attend our meeting at Martin's Aerodrome. See you at the South Tees July 13. Keep those eyes outside of the cockpit! Your Prez Clete

## **Airwaves**

Can't believe JUNE has come and gone already! Before you know it the EAA Convention in Oshkosh will be here. Hope everyone gets to go at least one day to this aviation extravaganza.

Our June EAA meeting at Martin's Aerodrome was well attended even though it was cold and damp. Dick had the heat on and Rick G had hot dogs with the works and Joan had a big birthday cake for Dick. As usual Dick had some entertaining stories and info to share. Thanks Dick for sharing your ordeal with the FAA on your excursion through Chicago's Class B airspace. The July meeting will be at Al's hangar at the south T's. Times will be posted somewhere in this newsletter regarding supper and also when you will need to be through the gate as it will not be manned after a certain time. You'll need your badge if you come late so plan accordingly. ATC specialist Steve McNicoll will be there to answer questions so please muster up a few of your concerns regarding controller/pilot communications or procedures. I'm sure a few of the homebuilts will be on display too. This is always a fun meeting. Hope to see you there!

CAVU..... Noel

From Al Timmerman

On Tuesday June 23, despite one of the warmest days on record, we flew 14 young eagles out of Frontline/Titletown Aviation. This was an aviation summer school elective class from De Pere. We had some nervous flyers in the beginning, but with Jack Le Duc's encouragement and Teresa Chevalier's help, even the reluctant ones went flying and came back all smiles. As I'm writing this I am reading some of the thank you card from the kids. You realize how much they appreciate the flights when you get comments like "It was a great experience" "I can't wait until I fly again" "It was awesome""It was the coolest thing I have ever experienced". I know today fuel is expensive and there are all kinds of excuses why not to fly Young Eagles but the enjoyment that you see in these young kids afterwards is worth it. Why else do we fly if not for the fun of it. Why not share that fun with kids that really appreciate it. Al Georiga took some great pictures of the event. We toured the tower and tracon at KGRB. After the flights, they were given a great tour of the airports Public Safety vehicles by Chief Trace Paulson. We all had a great time. If you've never helped out at a Young Eagle event, give the next one a try, you will be glad you did.

**Meeting of the South Tee's Pilot Association** will occur July 13th at 5:30pm prior to the EAA651 Meeting. Agenda will include if we should continue or dissolve. Election of officials Checkbook balance etc.

Dinner will follow with \$3.00 donation for food

I've been asked where our Web site is located it is at [www.EAA651.org](http://www.EAA651.org)

Alan has also started adding the news letters to the site - very well done. Thanks .....Jim

## **Fly-In and Hangar Dance**

July 4th at Rio Creek Airport WI28

Breakfast starts at 7:30

Polka band at 11:00am to 3pm
