From the Prez

I received a nice letter from EAA in response to our purchase of a brick for the "Brown Arch" hopefully it will be laid for Airventure 2010. I will have the letter at our July meeting. I spent five days in Middletown Ohio attending the Short Wing Piper Convention, which is always a good gathering of people and aircraft. A nicely restored "Clipper" from Wisconsin was our Grand Champion of the Convention. Our guest speaker was the Great-grandniece of the Wright Brothers. Amanda Wright Lane wears the Wright brothers' legacy on her sleeve. After the death of her father in 1999, Lane and her brother Stephen Wright inherited the role of Wright family representatives. But Lane has been the most public face of the Wright family. She is very active in the National Aviation Heritage Alliance's office in West Dayton. Al Timmerman tells us the new building at Jet Center will be ready for our July 12 meeting!! Fly with your eyes outside the cockpit!! Your Prez. Clete

I know the weather wasn't that great but hope everyone had a super 4th of July weekend. There were lots of activities scheduled so if you didn't get to "fly in" maybe driving was an option as there is usually a meal that goes on in spite of the bad wx :)

I was out of town during our Martin Aerodrome EAA meeting in June but heard it was well attended. the food great, Dick interesting and managed to celebrate another BD! Congratulations Dick!!

Our July EAA meeting will be hosted by AI and Jet Air at their new facility. Please enter at the West door and bring your own lawn chair. Meeting starts at 7pm. It will be fun to get a sneak preview of this beautiful new facility.

There's lots of summer left so fly safe and hone those x-wind skills. It's alot of fun and a great confidence builder. See you on the 12th.....CAVU, noel

Please remember to bring Chairs to the next two meetings it will really help. Don't forget at Jet Air to enter from the west service door.
