

The Sky's the Limit

News letter for EAA Chapter 651 Volume 22 Issue 4

Meeting Notice:

Meeting

**April 12th
7:00pm at
Nicolet**

**May 10th
7:00 pm at
Nicolet**

Those of you who were in attendance at our March meeting got to enjoy the delicious chili and goodies by Noel! Thanks much!! also thanks to Delores Gray and Della Clabots for bringing along there special recipes. Thanks also the donations to offset Noel's costs. Aaron Sauer from the N.T.S.B. Gave us a presentation of two accidents which were caused by situations we all can learn by. What ever the conditions are, you must fly the airplane! The weekend of March 22 I was in Oshkosh to attend a Leadership training session. The weekend was a very interesting, along with meeting people from all around the U.S., special tour of the Museum, and plenty of good food. I spent two nights in the Lodge which is an interesting facility for the Air Academy, along with other activities. The forums were centered around Chapters, their activities and operation of the various Aviation activities at Chapter functions. More details at our April meeting which will be back at Nicolet. Fly safely, and watch out for those migrating birds!

EAA Chapter 651 Meeting Minutes

Meeting Date: 3 /08/ 2010

Clete Cisler called the meeting to order at 7:10 pm with 44 aviation enthusiasts in attendance at Jim's Hanger 4 (GRB)

Meeting Minutes:

The February Chapter Meeting Minutes were accepted as published in the newsletter

Finance Report:

The Treasurer's report was presented by Karen Kalishek. The report was accepted as presented.

Correspondence:

EAA AirVenture Museum in Oshkosh ,WI,

Family Flightfest Saturday March 20 & Sunday March 21 10:00 – 5:00

Provides interactive activities for kids of all ages

AirVenture Museum Aviation History Workshop Series Tuesday March 23, 2010 6:30 to 8:00 p.m.

Women in Flight- Dr. Peggy Chabrian / EAA is hosting a series of free community history workshops for history enthusiasts, teachers, researchers, students, and the general public

EAA Chapter Leaders Academy March 26 to 28 Clete Cisler has plans to go.

EAA Chapter 252 - Hot Air Ballooning Oshkosh, WI Thursday, March 11, 2010 6.30pm - 8.30pm

Committee Reports:

Al Timmerman reports that the Chapter has \$520.00 Young Eagle credits to put towards our Academy scholarships to Air Camp. The Chapter is sending three Kids this year.

Al Timmerman reminds everyone that if you fly Young Eagles put down Chapter 651 and please use the newer forms.

Old Business:

Al Timmerman brought up for discussion the Lambeau LZ event. Jet Air will have some vintage airplanes in the hangers and ramp for view. This was the second discussion about doing a fund raiser and possible Young Eagle Fly Out. It looks like the 651 will pitch in to help AL with crowd control and looks like Bob Kirshling may take the lead in the cookout. The Young Eagles Fly Out is in doubt because of ramp space and security. Pending to next meeting.

New Business:

Noel brought new directories to the meeting. The Chapter Thanked Noel for the Chili Supper.

The July meeting which is usually at the "South T's" in Al Timmerman's hanger will be at the new Jet Air North side of the field (GRB)

The meeting adjourned @ 7:35 and turned over to Aaron Sauer from the NTSB. Aaron talked about two accidents he worked on. One was a prop that came off and the other fuel starvation.

Congratulations

Airwaves

HAPPY EASTER AND SPRING!!

Wow, it's March 31st in WI and I'm eating outdoors at a Subway in 70+ temps. How cool is that! I hope we're not going to pay dearly for this as we make it through April and May. Oh well, it'll be worth it. I'll enjoy it NOW!!

Had a fun Mar EAA meeting at Jim's Hangar 4. Our THANKS go out to Jim for the use of his hangar. Missed you Jim!! Special THANKS to Aaron Sauer from the NTSB for his presentation. He always has interesting info and accident scenarios. It's back to Nicolet on April 12th and PAUL SAUVEY will be our guest speaker. Paul flew trips into Haiti for the earthquake relief efforts. I'm sure we're going to enjoy his presentation. Lots of events coming up with summer approaching. Skies will start to get crowded again especially in the airport traffic pattern so speak up, listen up and keep those eyes wide open and out of the cockpit when in the pattern area. Lets have a safe flying summer.

From Al at Young Eagle Headquarters

The principle of McAuliffe school contacted and would like a Sat. fly-in. They have about 100 5th graders this year. I need pilots that are available on a Sat. I will divide up the times by last names but need to know I have pilots interested. Please think about dates you are available and we will discuss it on the 12th.

Happy Easter everyone. The days are definitely getting longer and there has been a whole lot more activity at the South Tee's. I hope that everyone takes some time and tries to get up flying. If your rusty don't hesitate to contact one of the many fine instructors in the area for a bit of a refresher. If your ride has not flown over the winter take your time and really do an extreme preflight. I want us all to have a safe and enjoyable start to a hopefully a very busy flight season.
Jim

Al Georgia great job on our Web site. Check out his work at WWW.EAA651@org
