From the Prez

It was great and honorable to see so many pilots in attendance at the celebration of the life of Armond Ullmer!! He devoted many years of his life to Aviation, instructing, charter, and just giving young pilots the courage to continue their flying. I received a note from Armond's niece about the aviation material in his home; I will get together with her soon to take care of this concern. Saturday March 5 was a great "Surprise" for retired Gary Jubin! Gary was honored with several stores of his years "on the line". Al Timmerman presented him with a plaque for his years of service to aviation. Gary- Enjoy your retirement years!! See you at Nicolet March 14 at 7:00 PM.

Your Prez; Clete

Well, we're almost into Spring! February must have been a cruel month as the "congrats" are slim. So much for the 'ground hog' knowing anything. The good news is we get to turn our clocks ahead on March 12th and get another hour of daylight in the evening. YEH!!

A big "THANK YOU" TO Dustin Ridings for his presentation at the Feb meeting. Really sorry to have missed it. I heard he did a super job. Our guest speaker for the March 14th meeting will be ATCT specialist Steven McNicoll. Steve is always entertaining and loves controller/pilot questions so make your list and he'll have answers for you. No radio procedures, pattern entries, phraseology, cleared for the option, landing long, taxi instructions & holding short of the "runway approach" area might be a few "foggy" areas that Steve can "clear the air" on.

Really hope to see you at the March meeting.

Another Air Safety Institute presentation is on the

This one is entitled

real pilots telling real

probably some real scares.

This one should hold something
