

The Sky's the Limit

News letter for EAA Chapter 651 Volume 24 Issue 4

Meeting Notice: **From the Prez**

Meeting:

April Meeting
April 9th
Jet Air 7:00pm

May Meeting:
May 14th
7:00pm
Nicolet

Each year several weeks prior to Airventure, maintenance of the area is in need of some sprucing up! A majority of this work is completed by volunteers. Work parties begin on the weekend of May 19-20 with three weekends in June and two in July ending July 14-15. I have volunteered in the past and had good experience working with members from many places of the U.S. If anyone is interested-I have more detailed information. EAA needs to know just how many people they will have on the weekends for their work planning.

Our April 9 meeting will bring us to Jet Air facilities at Austin Straubel Airport. it will be a special evening -Jet Air will be hosting an Open House with exhibits of their various services, with the public invited, maybe we can encourage area pilots to join Chapter 651. We plan lunch to be served at 6:00 PM before the meeting. There will be a small fee to help cover the cost of the food. I will bring the soda provided by the Chapter. Bring a friend and your appetite!!

Your Prez. Clete

Meeting April 9th 7:00 pm at Jet air will be with A wings seminar. Bring a Friend. Jeff Taylor from the WI. DOT will be here and present a program that qualifies for the Wings credit. It will be at 7pm. Tours of Jet Air, the new FAA approved Simulator, the new CATS FAA testing center, the Robinson R22 will be available for viewing. This will also be open to the public

Happy Spring! The great weather just keeps coming. Am really looking forward to our April EAA meeting at Jet Air. Hope you all plan on attending 7pm Monday the 9th.

I missed the March meeting but I heard that the vcr was out of commission so you all couldn't see the "Death March' film.

Sorry about that. Hope the food and socializing was fun though.

If you haven't been up flying for awhile don't hesitate to find a nice breezy day and take an instructor along for some challenging crosswind t/offes and landings. The rust comes off really quickly and it's alot of fun. Ask Kevin :).

Please don't hesitate to offer to be a presenter at our meetings. We'd love hearing about something new or informative or an adventure someone has had. It doesn't have to be long or major , just members getting to know each other better. Let me know if you have any ideas of something you'd like to hear or see too, 621-1802.

Keep it on the centerline. CAVU..... Noel
