

# The Sky's the Limit

News letter for EAA Chapter 651 Volume 24 Issue 2

Meeting Notice: **From the Prez**

Meeting :

Feb. 13th

7:00pm

Nicolet.

March 12th

7:00pm

Nicolet

At our January meeting Al Timmerman suggested that the Chapter hold our April meeting at Jet Air and he will set up a program in support of the Wings program-remember that is APRIL. We need to hold a Board of Directors meeting, and I would like to hold that meeting before our February meeting. I will get an agenda out to the board soon.

I experienced a muffler failure on my airplane on December 2 enroute to the Friday lunch at the Iola airport. Due to being out of town, I did not get to order a new muffler until December 16---it arrived on February 1, it had to be back ordered. I had it installed on the 2 and flew on the 3. It was good to be back in the air! Enjoy this great flying weather!! See you at Nicolet on the 13th.

Your Prez. Clete

### **COMMERCIAL MULTI**

1/8 Tim Schuh

### **MULTI ENGINE IN- STRUCTOR**

1/21 David Schneider

### **CFI SINGLE ENGINE**

### **LAND - ADD ON**

1/27 Brandyn Dietman

Last week I flew to the chili fly-in at Wautoma. I thought they did a pretty good job. The chili wasn't bad. I was a little embarrassed though, Charlie Smith had flown in with his Cardinal and I failed to recognize him. Met him at the South tee's upon returning. Its nice to have some new faces joining in our little adventures. Charlie is a new member of EAA651. Charlie Welcome aboard. Jim

## **Airwaves**

Welcome to February already!

I'm sure lovin' this WI winter. Lloyd's Chief even feels warm! I think I could even ride in the backseat of Jim or Rick's airplane even if they DO turn the heat off on me.

We had a good turn out at the January 9th meeting with our guest speaker Woody Williams presenting a practical look at the FAA WINGS program. I haven't tried the new format yet but he did make it seem a lot easier so as Spring comes and folk's Flight Reviews are coming due maybe we can do a few. Did Woody inspire anyone out there to try setting up for the WINGS program? Surely hope so. We also helped Paul celebrate his 55th. Great cake Paul. Thanks and Congrats. Our February 13th guest speaker will bring back a familiar name to many, Bill Gyzen. Bill is a retired FSS specialist. He had been at Green Bay for many years and then was relocated out East and now has come back to our area for retirement. So good to have you back Bill. If there's anything you want to know about how the FSS works, Bill can and will answer all our questions. Bring a friend and enjoy!

Fly safe and see ya soon. CAVU.....Noel
