News letter for EAA Chapter 651 Volume 24 Issue 3

Meeting Notice: **From the Prez**

Meeting:  
March 12th  
Nicolet 7:00pm

April Meeting  
April 9th  
7:00pm  
Jet Air

Just another reminder that our April 9th. meeting will be at Jet Air!! I happened to stop in at Per Anderas's hanger this past week and was surprised to see his second Chief- with the fuselage complete with grey and maroon color, engine & baffling installed, one wing rib-stitched and taped, and Pepe was starting to rib-stitch the other wing. He also has several ribs constructed for a scratch built J-3 Cub which will be his next project. Rumor is that he will offer the Chief for sale. He traded the first Chief to Lloyd Anderson for his newly restored Stinson, which he flies regularly. Pepe certainly has a way to get projects completed!! Jake Morois continues to work on his Citabra-both he and Howie (his fathers) J-4 should be flying this spring. Just a little up date on some of the activities at Nicolet. See you there March 12th.!! Keep your eyes outside the cockpit, as you enjoy this great winter flying weather.

Yqur Prez. Clete

The April chapter 651 meeting will be at Jet Air. Jeff Taylor from the WI. DOT will be here and present a program that qualifies for the Wings credit. It will be at 7pm. Tours of Jet Air, the new FAA approved Simulator, the new CATS FAA testing center, the Robinson R22 will be available for viewing. This will also be open to the public so perhaps we can get some new members from it.

What a fun February meeting. Had a great turnout. Bill Gyzen put on a super FSS presentation and included many details and insights into a pilot wx briefing from FSS. If you missed this meeting, you missed some valuable 'tpx' info Bill disclosed but we are UNABLE to share! Sorry :) Thanks so much Bill for sharing your expertise. Totally enjoyable! Lloyd provided pizzas and snacks. Where can you find a better place to go on the second Monday of every month. JOIN EAA CHAPTER 651. A real bargain at \$20/year. PLEASE REMEMBER TO PAY YOUR 2012 DUES.

Thanks folks.

There will be a video shown at the March 12th meeting, titled, Philippine Death March WWII.

The April 9th meeting will be at Jet Air and the May 14th meeting back at Nicolet with a wonderful presentation by Jay Faikel on 'BEEs'. If you think a plane that flies is amazing, check out a bee. Too cool. Keep it on the centerline.
