On behalf of Chapter 651, I would like to extend our condolences to the family of William (Bill) Fritsche. Bill and I received our private pilot license about the same time, early '60's. Bill owned and flew a Stinson 108 for several years out of the old Nicolet Airport. He and his wife Lola spent many Wednesday evening "socials" with several other flying couples at Nicolet. Bill will always be remembered for his friendship as a fellow aviator! May 19, the date for our Flyin breakfast at the Nicolet Airport, is fast approaching! Any dish to pass is welcomed-fruit,bakery etc. We may have some Young Eagles to fly, weather permitting, help is needed both on the ground and in the air. Also another reminder of Jay Baeten's breakfast on May 11, and the second Saturday of each month thru October. Weekend work parties continue at the EAA grounds, they need to know if you are coming so sign up online for your favorite weekend. Pat Rice has his new Carbon Cub at Nicolet and will have it out for your inspection at our breakfast. Enjoy your freedom of flight safely!! Your Prez. Clete

Thank you to all for your support during the loss of my father. He was my first influence in the world of flying. For that I'm forever grateful. Thanks Jim

I think we had Spring for a few days this month! Sweeeeeeeeeeeeeeeet!
Just those few days and the fields and lawns are so green from above but other areas just to the north and south of us have alot of standing water. Guess those winds we've been having are good for drying but also for some fun cross-wind practice. Need a challenge?

Had a fun and interesting April Chapter meeting at Nicolet with Jay Faikel the Bee man. What a fascinating hobby and insect. Well done Jay! Thanks so much for sharing your expertise with us.

Don Kiel , retired NW AirBus A330 Captain will be our May guest speaker. Don never runs out of interesting or humorous stories. What a career of nearly 30,000 hours. Bring a friend! June begins our summer airport-hopping meeting schedule beginning at Martins Aerodrome. Wayne Spence a retired Navy Lt. Commander flying Corsairs in WW II and Banshee Jets in the Korean war will be our guest speaker. Bring a friend and enjoy the adventures. The July meeting will be at Jim's Hangar 4 and the ice cream social in August at Jay's hangar. Remember to bring your lawn chairs and friends. Always a fun summer schedule.

Delores Gray has graciously donated about 30 King Videos (VCR) on every topic that Student, Private, Instrument or Comm pilots would be interested in. I will have them at the May meeting. Use and return them for others to view. Thanks so much Delores!

Keep in on the centerline. CAVU.....Noel
