

The Sky's the Limit

News letter for EAA Chapter 651 Volume 25 Issue 8

From the Prez

Meeting Notice:

Meeting:

Sept. 9th
7:00 PM
Jet Air

From the comments I have received from our Chapter members, the August meeting at Jay Baeten's place with speaker, Per Anderas was a very interesting meeting. It also was Pepe's birthday which made it more special.

On Saturday August 24, Jay Baeten held his annual Fly-in -- the weather was perfect and the food served was enjoyed by all who attended. Thanks to all our Chapter members who helped in the success of Jay's event. Our September meeting will be held at Jet-Air at Austin Straubel Airport. Nicolet Airport will be holding their annual Fly-in on Sunday, September 15 from 10:00 until 4:00 P.M. This will be a lunch type event with your favorite dish to pass.

Thanks to Dustin Ridings for stepping up to be our Chapter 651 President, I believe he has a lot of experience to offer to the Chapter. We continue to seek out someone to fill the vacancy of Program Director. Although Noel Clark has continued support in this capacity, she will not continue into next year. See you at Jet-Air in September !! Fly with safety on your mind. Your Prez. Clete

WOW!! September already! Not like I'm looking for Fall but I do love that season and it's colors the best. I heard that the EAA Ice cream social meeting at Jay's was a hit. Thanks soooooo much to Terry and Matt for all their help in getting the ice cream event to happen. Thanks to Pepe for his informative talk on 'Medicals'. We do have many folks in our Chapter with a lot of helpful and interesting knowledge. We always appreciate the sharing. A big thanks to Jay too for letting us use his hangar.

The September 9th meeting will be a JET AIR. Al has a couple of interesting speakers and topics lined up so don't miss this one.

Delores Gray has an ELT for sale. Model EBC-302V. Excellent shape. Check them out new over \$1000. It's priced to sell. I'll bring it to the meeting.

Keep it on the centerline. CAVU.....Noel

Al has two speakers lined up for the Sept. meeting. Sgt John Jones WI State patrol, Their vascar equipment plane is here. and Rob V. Global flight research. He has the new full motion sim here at Jet and is offering a upset attitude course in a bonanza here. Both would be speakers and show their stuff. Let me know if you know anything and we have to send a notice the meeting is at Jet.

Congratulations
