## EAA Chapter 651 News

- **Upcoming Meetings & Refreshments** - We will need someone to take care of refreshments for the September, October & November meetings. Contact President, [Dustin Ridings](mailto:the_ridings@sbcglobal.net) ( the\_ridings@sbcglobal.net ) if you are willing to take on the nourishment requirements of fellow members during the upcoming meetings.
- **Christmas Party** - The date has been set for Sunday, December 6th at the "Rite Place" . This year will be the auction so start procuring items now. 1, 2 or 3 auctioneers are also needed. An **RSVP** page has been setup for both which is fully automatic & smart phone / tablet friendly. (no needed apps) Go [here](http://bit.ly/1MwxDIE) ( http://bit.ly/1MwxDIE ) to join us for camaraderie, chicken & tips, and the excellent opportunity to win a brand new French Fryer.
- **IMC Club** - During this years convention it was announced that the EAA organization had plans to acquire the IMC Club as a sub entity of EAA. Since then paperwork has been submitted to do so. We are hoping Karen has more information at this months meeting. It should be an excellent conglomeration between the 2 organizations.
- **New Website - WHAT? Yes..** A new website has taken over the "older-new" site. I had taken part in a forum during the convention and discovered that EAA provides **FREE** (~\$120 /yr savings to the chapter) web hosting & design tools to have a chapter create their own. Not too long after the convention I got a hold of Alan G. to get the log in credentials to try it out. At first... Quote - "I'd rather poke out my eyes with a hot soldering iron". A few days later it was found it could be feasible and after even further testing the site could turn out rather nice - a little practice learning the new ways worked. But why? Both of our old sites were one thing - **Static**. Meaning, there was absolutely no visitor interaction. This one is much different. **Fully interactive to the visitor**. It has - Facebook integration (limited), a public & private forum, a guestbook, commenting on pictures / videos, private messaging, bulk mailing and other little interactive tidbits. **All one has to do is register as a member of the site. PLEASE DO! It's the same as any other site or forum you may visit. AND.....**

If you are an up to date, paid, chapter 651 member, again quote - "Membership Has it's Privileges" . What will happen is that I will raise your credentials from a "Member" to a "Moderator". This is were it really becomes interactive. You can now upload your own pictures / videos of anything you want.. (Saves me work - Yay!) It's easy! Being a moderator also gets access to the private forum and the power to block a user, edit a forum post etc.. In a sense it becomes **YOUR** website.

I can discuss more at the meeting. It is not fully transferred over, just enough to be called active where, if a new visitor comes to the site it will be enough information to just maybe, have the visitor become a new member.

OLD SITE - [eaa651.org](http://eaa651.org) - Completely gone. (Archived locally) Has an automatic redirect to the new site.  
NEW SITE - [651.eeachapter.org](http://651.eeachapter.org) - Please bookmark. All links in this newsletter have been referenced to the new site.
- **Pilot's Bill of Rights 2 (Aeromedical Reform)** - Do not need to go into the 4 bills (2 identical) introduced into the 114th Congress on Feb 25th. We all know what it's about. As such I will just provide some useful links to follow the progress, read it's full text & see who has co-sponsored the bills.
  1. [H.R. 1062](#) & [S. 571](#) (considered identical) "**Pilots Bill of Rights 2**" Follow the progress, read the bills directly from Congress.gov. Rep. Reid Ribble (R-WI-8), Rep. Glenn Grothman, (R-WI-6) & Sen. Ron Johnson (R-WI) have co-sponsored.
  2. [H.R. 1086](#) & [S. 573](#) (considered identical, related to above) "**General Aviation Pilot Protection Act of 2015**" Follow the progress, read the bills directly from Congress.gov. Rep. Reid Ribble (R-WI-8) has co-sponsored.
  3. EAA Chairman Jack Pelton gives his take about the bill in this [podcast](#) on Avweb.com
  4. A description of the bills and what they mean to us at [EAA](#).
  5. Whether for or against these bills, EAA has provided automated, premade (editable) letters that will be sent out separately to all the Wisconsin representatives. One may find the start of the form [here](#).
- **Program Director** - We are still looking for a program director. One of the main duties of the director position include procuring and setting up presentations during chapter meetings. If you feel that you would be the person to fill this very important position contact [Dustin Ridings](mailto:the_ridings@sbcglobal.net) (the\_ridings@sbcglobal.net).
- **Reminder** - The chapter tools are still available in Clete's shop at Nicolet Airport. These include the 16" lathe & the new dolly. If you need to machine a piece of material, you're are welcome to use the lathe. Just let him know when it works in your plans. Contact [Clete Cisler](mailto:cncisler5@yahoo.com) (cncisler5@yahoo.com) . The tool list is available [here](#).
